Hi Nemisa,

A new account has been requested at 'NEMISA DIGITAL SKILLS PLATFORM'
using your email address.

To confirm your new account, please go to this web address:

https://dsp.nemisa.co.za/login/confirm.php?data=MBW0Gby4Bjb9R2i/nemisacolab

In most mail programs, this should appear as a blue link
which you can just click on. If that doesn't work,
then cut and paste the address into the address
line at the top of your web browser window.

If you need help, please contact the site administrator,

COURSE:

MOBILE DIGITAL LITERACY

Background

There is a significant number of people with access to smartphones but with limited or no access to computers in rural, semi-rural and township communities; which prevents them to access opportunities to learn basic digital skills in order to improve their lives and advance careers. The Mobile Literacy course was designed to fill this gap by focusing on stimulating interest in acquiring basic digital skills using mobile devices such as smartphones and tablets ensuring that communities with no computer infrastructures do not miss opportunities the fourth industrial revolution and digital technology presents.

This course is designed to function as:

- An introduction to the basic concepts and principles of using mobile technology; and
- To inspire confidence in using mobile application in conducting day to day personal activities and for work readiness.

Mobile Literacy: Course content

- What is the Fourth Industrial Revolution?
- Concepts related to internet connectivity
- Concepts related to smartphone applications to organize our life
- Concepts related to smartphone applications to prepare personal and work documents
- How applications can be used to help with day to day activities?

Course Outcomes

On completing this course participants should be able to:

- Manage their smartphone network connections and data usage
- Use applications to organize personal and work information
- Use applications to be professional and for work-readiness activities
- Use applications to manage money and make financial decisions
- Use applications to access key information
- Use applications for self-education

Course duration

Mobile Digital Literacy is a **one day short course** *(approx. 6hr – 8hr)* and consists of information sharing and practical exercises. It is to be completed entirely online.

Intended Beneficiaries / Target Audience

Anyone who is interested.

Participant Requirements

- Must have access to or use a smartphone
- Internet connectivity
- Have interest in using technology to better their lives.
- No qualification or previous experience is required for this course.

Course Registration

Refer to registration guidelines.

Certificate

Participants who successfully complete the requirements of the course will receive a NEMISA Certificate.

Enquiries

- Please contact Cindy Stewart – cindys@dut.ac.za or Nelisiwe Msimango – nelisiweM5@dut.ac.za for course related enquiries.
